FIND BLISS IN YOUR BACKYARD

Imagine a completely new look—gorgeous gardens, serene sunsets, outdoor dinner parties, a glass of wine under the stars.

Beautifying your landscape is perhaps the best home improvement you can make. You want style and functionality—and outdoor areas that look better every year.

And wouldn't it be nice if the whole process was simple?

There are so many questions. Do you know exactly what you need? What should you expect from your landscaper? How much work will it take to maintain your beautiful new gardens?

**We're Muddy Boots Landscaping.
Let us guide you through the process.**

EXPERIENCE. QUALITY. TRUST.

Muddy Boots Landscaping is the perfect choice for homeowners who want quality above all else. It's our core value.

Owner Steve Cannon has spent over 16 years working with homeowners of distinguished residential landscapes throughout the northern suburbs of Chicago, with a special focus on the North Shore.

Steve knows his stuff: plant choices, native gardening options, maintenance, garden care, patios, walkways, and paths.

But more than anything, Steve is a people person. He's going to walk you through the process and help you make great choices. Stress-free.

A man with a grey beard and a woman with long brown hair are embracing each other in a garden. The man is wearing a light blue long-sleeved shirt, and the woman is wearing a purple long-sleeved shirt. They are both smiling. In the background, there is a house with a grey roof and a large bush of white flowers.
